THE Democratic Mass Meeting at  
Wilmington on Saturday, was large  
and enthusiastic. Senator Vance  
of North Carolina, was the chief orator,  
and spoke eloquently on the issues  
of the campaign. At the close of his  
speech Secretary Bayard was called  
for and made a short address. The  
absence of Congressman Breckenridge  
of Kentucky, was much regretted as  
he is one of the finest speakers of the  
day and his views on the tariff are  
especially instructive.

For the benefit of the Smyrna  
Times we give a slight and brief  
resume of the events political, in St.  
George's Hundred since 1886. We are  
glad to add to this piece of history,  
that notwithstanding our differences,  
No man or men, have bolted and no  
newspaper, has pulled down the Demo-  
cratic ticket from the head of its col-  
umns, and we feel we are all the better  
party men for it. We may not like the  
other fellows views, but as long as he  
is a Democrat and honest we propose  
to swallow him.

The short time during which the  
Inter State Commerce Commission  
sat at Dover was sufficient to elicit  
some very damaging evidence to the  
fact of the monopolistic tendencies of  
the P. W. & B. R. towards the  
patrons and supporters of the road on  
this peninsula. The meeting was the  
result of a regularly instituted com-  
plaint on the part of the Grangers of  
this section, against the exorbitant  
freights at present existing, which it  
was claimed were greatly prejudicial to  
the interest of shippers. That this  
complaint is just, and has its  
foundation in the necessities of  
the shippers for low rates or an  
abandonment of their industries is  
evident. After hearing the case of  
the plaintiff, the Railroad pleaded sur-  
prise, and the hearing was adjourned  
to meet in Washington October 8th,  
when a conclusion will doubtless be  
reached favorable to the shippers. Mr.  
Geo. V. Massey, represented the Rail-  
road with Judge Logan, while Levi C.  
Bird represented the Grangers.

Geo. V. Massey, and Rev. John-  
athan Willis, addressed the citizens of  
St. George's Hundred, on the question  
of Tariff Reform, last Friday evening,  
in the Town Hall, the meeting was  
under the auspices of the Harrison and  
Morton Republican Club. Mr. Mas-  
sey was the attraction of the evening.  
We did not hear him, but heard of  
him. It has been said that Mr. Mas-  
sey is "almost a fanatic" on the sub-  
ject of protection but from accounts of  
his speech and inferences drawn by  
both Democrats and Republicans, it  
would seem that "almost a fanatic" is  
to strong a term. Mr. Massey is just  
what we always thought him, a pro-  
tectionist in politics, a free trader in  
fact. And so when he comes before an  
audience made up of Republicans and  
Democrats, he finds his politics pulling  
him one way, and his natural inclina-  
tions the other. So he talks protection,  
denounces England and praises Cleve-  
land. As to how many converts to the  
Protective Tariff theory he may have  
made, we leave our Republican friends  
to say, but we certainly heard one man  
say, that he would be willing to wa-  
ge \$500 to a cent (if he had the \$500)  
that Mr. Massey was a Democrat and  
would vote for Cleveland. We don't  
think this, but we do think that per-  
haps, away-off in the dim distance  
Mr. Massey sows a little light. Mr.  
Willis was laboring under the disad-  
vantage of extreme hoarseness and  
made but a short address.

ELLI, GOVE AND WILLARD—three  
noted names! Gove is dead; Willard  
sits in honor—a just Judge—aside from  
politics, and Eli slips the guanine of de-  
fect in the brandy of fame. Let the  
younger Saulsbury live a little longer  
and learn a little more before they bolt  
in earnest.—Philadelphia Record.

The Daily Republican, of Wilming-  
ton says: President Cleveland has  
contributed \$10,000 to the corruption  
fund, to aid his own re-election. Here  
is an apt illustration of seeing the mote  
in your brother's eye, without being  
able to discern the beam in your own.  
Surely the word corruption is becom-  
ing eminently respectable.

It would be perhaps unjust without  
further evidence, to assume that the  
great mass of Kent County Democrats  
who desired the re-election of Sena-  
tor Saulsbury should be characterized  
as bolters, because a few malcontents  
recognizing no ticket but that of their  
own making, see fit to boldly rush in-  
to print for the contemptible purpose  
of defeating the party they but lately  
vowed allegiance to. Nor do we wish  
to do so. We will rather hope that the  
shame of such defection will rest  
upon, and be borne, both in its incep-  
tion and results, by the few who can  
be led to follow the waning fortunes,  
politically considered, of the talented  
Editor of the Delawarean.

The Delawarean, whose columns  
have shone with the light of true De-  
mocracy and whose advice to defeat  
opponents within and without the  
party, has always been, "Bow to the  
will of the majority," now experiences  
defeat for the first time in many years,  
and, false to its own teachings, bolts the  
ticket. The very reason assigned for  
so doing, namely, that the nominating  
convention was run by the faction op-  
posed to the views of the Delawarean,  
to the exclusion of even a minority  
representation, should be the last ad-  
vancing by it, as an excuse. For al-  
lowing the assertion to be true, and we  
presume it is; has the Delawarean no  
memory of a past? Does it not recol-  
lect 88, at Dover? We have never put  
much faith in the Delawarean's Demo-  
cracy. It talked too loud; but we were  
unprepared for its latest exhibition of  
selfishness, as instanced by the fact,  
that at the first indications of a desire  
by the people for new leaders, down  
goes its Democratic flag.

The blood is the regulator. Regulate  
the regulator with Warner's Log Cabin Sarsa-  
pilla. It cures all impurities. It is the  
largest bottle in the market—120 doses \$1.  
Your druggist sells it. Buy it for your  
family's benefit as well as your own.

The efforts made by the Republican  
Press to force President Cleveland into  
a delicate, and unpleasant position on  
the Chinese exclusion question, have  
been frustrated by, if it be such, a  
stroke of "Cleveland's luck." Unques-  
tionably Mr. Scott erred in forcing the  
Bill to a final passage, while the Chinese  
government had under advisement a  
treaty, looking to an amicable adjust-  
ment of the subject. Yet no intelligent  
citizen, unless prejudiced, will accuse  
the President of having even consented  
to the mistake. Yet had the Presi-  
dent been compelled to make a choice  
between signing the Bill, which would  
have been equivalent to an insult to  
China, or vetoing it and losing votes  
on the Pacific Coast, he would have  
certainly felt himself unpleasantly  
situated. However, almost concurrently  
with his receipt of official advice to  
the effect that China had rejected the  
treaty, Representative Kilgore hand-  
led the Bill, which he will most prob-  
ably sign and the agony will be over.

Dr. TREAT, the great Specialist,  
for nervous debility, blood poisons,  
kidney and special diseases, has yet to  
find an equal in curing such diseases.  
He has complete mastery of the allo-  
pathic, homeopathic and electric sys-  
tems of medicine, which gives him the  
knowledge and ability to cure diseases  
pronounced incurable by leading physi-  
cians. If suffering we would advise  
you to consult him personally or by  
letter at 538 North Fourth St. Phila-  
delphia, Pa.

## Wanamaker's.

PHILADELPHIA, Monday, Sept. 24, 1888.

With our Fall and Winter  
Catalogue in the house you  
can do your shopping at home  
nearly as well as if here.  
Ready October 1st. Send  
your name and address on a  
postal card and it will be mailed  
to you without charge.

No mistake about the Bordered  
Dress Goods. Fashion  
puts the stamp of approval on  
some queer styles, but this  
time she hasn't gone one bit  
wrong. Any costume gets a  
touch of dashiness from the  
Border; almost any face or  
figure gains piquancy from  
such a costume.

There are dozens and dozens  
of these just-in handsome de-  
signs. Words are weak to de-  
scribe them, and they don't  
look right when we hold them  
up in the paper. We won't  
try—just point at a peculiarity  
or two as we fit by.

One of the simplest as well  
as one of the most striking  
effects comes from the "Wool"  
Bordered Ladies' Cloth. The  
broad fuzzy stripe has the seem-  
ing of fur, and the color con-  
trasts are just pronounced  
enough to have charm with-  
out obtrusiveness:

48 inches wide, \$1.75.  
Heavy Ladies' Cloth covered  
with narrow stripes, ending  
with 2 1/2 inch shaded band at  
bottom. \$1.25. 7 shades.  
Plain ground, with band of  
cluster stripes, 7 shades, \$1.25.  
Plain serge ground, with  
camel's-hair band; camel's-  
hair stripe for combination.  
\$1.25 each. Cinnamon, ma-  
hogany, navy, garnet, olive,  
green, black.

Saxony Flannels, plaids and  
stripes. Entirely new color  
combinations. A delightful wrap-  
per stuff if you get the proper  
grades. There's the danger.  
The meaner qualities are so  
light that a little strain does  
for them. None of those here.  
We know better. Only the  
kinds that will give satisfaction  
in wear. 50c a yard.

We haven't said much of  
late about our three "special"  
White Shirts for men, the  
Crown, Conqueror, and Uni-  
versity. No need to. They  
speak for themselves. We take  
it that no other Shirt names are  
so well known to the men folks  
of this city and round about.  
They have come to stand for  
quality, fit, and finish in Men's  
Shirts.

But to have known the  
Crown or Conqueror or Uni-  
versity of a year ago is not to  
know the one of to-day. We  
are all the time trying to make  
them better.

The Crown has the new pat-  
ent gusset, so have the Con-  
queror and University, but they  
have more, including the  
"everlasting stay." You only  
need to glance at these shirts  
to see their worth.

In the old condition they  
were not approached in price,  
these improvements put them  
still further ahead.

Crown 75c  
Conqueror \$1  
University \$1.25  
Cost varies with material and  
finish, mostly with material.  
Fit of each perfect.

Woven Corsets. A new  
line of our own importing.

the greatest care. Shapes

confined to us in this market.  
We guarantee these Corsets  
in all respects:

A new arrival of those  
famous 4-button Kid Gloves,  
in all the shades of tans,  
browns, grays, also black.  
These are real kid (not lamb),  
handsomely embroidered, \$1.  
If anything better than last  
season, and then they easily  
lead the procession of compe-  
titors.

## LOCAL AFFAIRS.

### Town Notes.

John P. Hudson of Smyrna, was in town on Tuesday.  
Mr. W. A. Hyland of Galena, was in town on Tuesday.  
Miss Sue Harris of Philadelphia, is visiting her sister, Mrs. E. Stephens.  
A. M. Brown of Philadelphia, was in town on Wednesday.  
The Volunteers went out with their Hosiery Carriage on Monday, for a little exercise.

Collections have been taken up in the P. Church for the benefit of the yellow fever sufferers of Jacksonville.  
S. R. Shalcross Jr., has an apple orchard near Smiths mill, that is looking at the quantity and quality of the fruit is something exceptional.

Mr. E. R. Cochran, of the Cochran Farm, has just received a string of thoroughbred horses, entered for premiums at the Dover Fair this week.

Mrs. J. W. Jolla wishes to say that if the person or persons who stole her evening last week will be kind enough to return them they may have the string it was hung up by.

Farmers are now busy with their corn cutting, the corn in many places is badly tangled and causes much delay in handling, and the fodder of course, suffers in quality.

Mr. E. L. Milfin of near McDonough has a valuable horse this morning, by being caught in some quick sand in a meadow on his farm from which all efforts to extricate it were fruitless.

The Lord & Polk Chemical Company informs us, that they have just closed a contract to furnish southern parties with a fifteen hundred ton lot of Phosphate for the November delivery.

We note a very interesting article in the American Cultivator, Boston, on the peaches and Peach Culture, the initials, J. F. S., suggest that it was penned by Jacob F. Shalcross, formerly of near McDonough Del.

FOURD.—A pocketbook containing a silver quarter of a dollar. The owner can obtain the same by calling at The Transcript office, and identifying the property. We are glad to know it.

The Sign Painter has been round and wormed out of some of the cash we keep to pay the Railroad and Express Companies with. Some of our fellow townsmen have also succumbed to the weakness as will be observed by a glance at their store fronts.

The tire of a coal car on a freight running south, broke Friday morning near Frogtown crossing. The train men did not notice the break until they had run nearly a mile. It was necessary to send for the wrecking train before they could proceed further.

List of unclaimed letters at the Post-office Middletown, for the week ending September 26th, (2) Robert Gough, Samuel Griffith, Alfred H. Canik, Miss R. J. Cooper, Daniel Ruth. Persons calling for the above letters will please say they are advertised.

The promiscuous use of italics by some of our exchanges forcibly remind one of a drunken man in a narrow lane. Picking up a paper and reading the announcement that "The Moon is Full." We take it that the compositor who set that line was not unlike the moon.

At the regular meeting of Good Samaritan Lodge, No. 9, I. O. O. F., on Thursday evening last, the following visitors were present: J. M. Whitford, G. M.; of the State of Delaware, E. M. Fowler, D. M. G.; of Smyrna, Geo. M. Stephenson and Fred Knott of Morning Star Lodge, No. 6, of Smyrna.

Rumor has it, that our section has again been disgraced, by having been selected as the ground for a prize fight. All we know is that the particular spot was near Warwick, and that the mill did not come off, at exceptional odds, but right as might, where the former came out ahead.

Dr. W. F. Kennedy of this place, was married to Miss Rose Evans on Monday last at the residence of Mr. and Mrs. Evans in Washington, D. C. The ceremony was private. The bride and groom returned home on Tuesday afternoon, and will reside on Crawford Street near Broad.

A Parochial Mission, under the auspices of the Parochial Union Society of New York, will be held in St. Anne's Church for one week commencing Nov. 10th. The Rev. W. F. Watkins D. D., of Philadelphia, will conduct the Mission and hold services at times to be hereafter announced, which services the public are urgently entreated to attend.

The Republicans of St. Georges Hundred held a mass meeting in the Town Hall last Friday evening. The meeting was under the auspices of the Young Men's Republican Club of this place. Col. Geo. V. Massey of Dover, and Rev. J. S. Willis of Milford, delivered addresses to a large audience.

On Thursday, Oct. 4th, at the Cecil County Fair the noted balloonists, Professor Hunt and John Will, made a balloon ascension and at the height of 6000 feet, will leap from their balloon. On Friday October 6th, an Athletic contest will be given by the Warren Club, of Wilmington, Del., the Schuylkill Navy, of Philadelphia, and the New York Athletic Club.

Middletown has so many conveniences for man, that it seems unnecessary to recommend more, but we would very much like to see a public watering place for horses. Many animals are driven in town from their homes many miles distant and after several hours stay start back without quenching their thirst, this should not be. It would take but a small outlay from each owner to provide a drinking trough, and the benefits would be incalculable.

Next Sunday will be a day of unusual interest at the M. E. Church. The rite of baptism will be administered in the morning after an appropriate sermon. An old time class meeting will be held in the Sunday School room at 9:15 led by one of the lay members. The Sunday School will begin its preparations for "Glad Tidings Day." The weekly prayer meeting this evening is expected to be of unusual interest. The official board will meet after the prayer service.

Next Sunday Morning.—A party started for town Monday with a load of sheep in a farm wagon. When near town he was overtaken by two gentlemen who inquired where he was bound for. He replied that he was taking some sheep to Middletown. On the gentlemen replying that they saw no sheep, an investigation was made, revealing the fact, that while the driver was looking ahead, the tail-board had slipped out and the sheep after it. Properly illustrated we think this would appear funny.

A grain vessel is being loaded at the wharf.

Lord & Polk Chemical Company received a cargo of 600 tons of rock this week.

A new lamp has been erected at Polk-town.

Money sold at the Loan meeting Monday night at 18 and 20 cents premium.

An oyster boat came up last week. It received good patronage.

In consequence of advertising matter taking up so much space this week the personals and other news items are crushed out. We lay the intelligence of The Transcript's readers and promise to pull up next week.

### Opening of the Permanent Circus at the American Institute.

The ribald crowd hereabouts is wont to say that the circus ever antedates Manhattan. Now it is a permanent circus, for New York has been victimized by "fake" shows, and looks with rather a cold eye on the circus. Robbins was a genuine, however, when he began to prepare for the winter campaign, and the performances have justified his faith.

One of the features of the show is the dance by eight elephants who furnish their own performance. The performance closes with a four horse bareback business in each ring. It is an interesting sight and has an unusual attraction for children. There was a fair audience in the afternoon and a better one in the evening, but the people will come eventually, for it is not too much to say, perhaps, that Robbins came here to root.

Mary Christmas to you of the circus. New York Herald, December 25, 1887.

### Nuptials.

BEOLLY-BOYLAN.

A bright wedding ceremony with nuptial mass was performed in St. Joseph's R. C. Church, Middletown, this morning, by Rev. J. B. Archambault, S. J. The contracting parties being Mr. W. B. Begley, of Philadelphia, and Miss Annie C. Boylan of Odessa.

Rosa C. Coggin being bridesmaid and Mr. Charles Boylan groomsmen. The bride and bridesmaid looked really handsome. The former wore a dress of garnet cloth, surah and lace with hat to match, while the latter was dressed in a fawn colored cloth and moire with hat to match. The choir on the occasion, which consisted of Messrs. Stephen, Mrs. Miss Keegan, Miss Jones, Mr. J. J. Shannon and Mr. G. W. Stevens, rendered appropriate music and singing in fine style.

After the ceremony the bridal party drove the bride's former home and partook of breakfast. The bride was the recipient of a large number of valuable, handsome presents. The party left this morning for the 3:34 train for Philadelphia, carrying with them the best wishes of Odessa, Middletown and The Transcript, that they may lead long and happy wedded lives.

A Dancer Sals.—Marvin C. Brown, Druggist, Meredith Village, N. H., says: I have sold my Sulphur Bitters for years, and contrary to most medicines, I never sold a bottle to any one who said it did not suit them. They cured me when I was sick headaches when every other remedy failed.

The Wild West at Dover.

The managers of the Delaware State Fair have secured the famous Wild West Indian Show for five days, extending from the State Fair Grounds at Dover, on October 15, 16, 17, 18, 19, and 20. This is the largest and most famous Wild West show that has been drawing such immense crowds in Philadelphia, Gloucester, Easton, New York and other large cities.

A full programme of desperate combats, sharp-shooting, reckless riding, illustrating the most marvellous feats of the Indian fights, captivities, robberies, hairbreadth escapes, and wild life on the plains, forests and mountains of the far West. The wonderful lariat throwing, Indian dances, Pony express, herding the Buffalo and hanging of the horse thief, will alone be worth going miles to see. The performance will commence each day after the arrival of trains from the north and south. Low rate excursion tickets will be put on sale at all railroad stations on the dates named, and will be valid for the purchaser to the grounds. All trains will stop at the Fair ground. Good restaurants will be conducted and every convenience of the well regulated and managed State Fair will be in operation. A band of music will be in attendance, and there will be an attractive line of amusements arranged for all.

MR. EDITOR.—I am frequently receiving applications to give ten cents and twenty cents to the children of the poor, and other persons to do the same. I am to further the movement to get funds in this manner, so that I help them to spend six cents in postage and write three letters and use my paper in order to give ten cents to some object. I write to inform all whom your paper may reach that I decline to notice such requests. This method of appeal has become a nuisance. Yours truly, J. BEERS.

Middletown Sept. 27th.

EVERYBODY LIVES to be called handsome, especially the young ladies. But that is simply impossible as long as their face is covered with pimples, blotches and sores. But what is no need of this; one or two bottles of Sulphur Bitters will remove all such disfigurements, and make your face and hair rosy. Fannie Bell, Editha.

### Peninsula News.

Stedman Tighman Wickes, the promising young lawyer of Chestertown, whose serious illness has been noted in these columns, died on Saturday at the residence of his father, Judge Joseph Wickes.

Mr. Wickes was only 26 years of age, having graduated at Washington College and the Chester Military Academy—Morning News.

When the system is debilitated by disease, it should be strengthened and renewed with Ayer's Sassaaparilla. This medicine invariably proves itself worthy of all that can be said in its favor. Sold by all druggists and dealers in medicines. Price \$1. Six bottles, \$5.

There is a rush of applicants for space at the Wilmington Free Press has been taken up so rapidly and the managers now report that the exhibition building is not large enough to contain the exhibits already entered. To provide room for the displays it will be necessary to erect several large tents adjoining the building. William Lawton, superintendent of division H, the household department, reports that the space is full. In his estimation the fair will be the most successful ever held on the Peninsula.

Every Evening.

To eradicate the poisons which produce fever and ague, take Ayer's Ague Cure. It cures without leaving any injurious effect upon the system, and is the only medicine in existence which may be considered an absolute antidote for malaria.

The Philadelphia Times says: The search for the sunken sloop-of-war De Raak, which is said to be at the bottom of the ocean, just outside the Delaware Breakwater, has been abandoned.

The exploring party returned to this city on the steamer Long Beach yesterday at noon. The crew of the steamer was paid off in the afternoon and the exploring party was anchored in the Delaware of Vine street wharf, in charge of a solitary watchman.

The exploring party left the Breakwater on Thursday afternoon and spent the night at Delaware City on board the steamer. They started for Philadelphia at 7:30 yesterday morning. Captain Charles A. Adams of the United States navy, who has been directing the work of the divers for the past two months, was in command.

### Its Delicacy of Flavor.

The efficacy of its action have rendered the famous California liquid ready, Syrup of Figs, immensely popular. It cleanses and tones up the clogged and feverish system, and dispels headaches, colds, and fevers.

Dover, Sept. 26.—Dover and Camden played here to-day. The game was well played and intensely exciting, and resulted in a victory for Camden by the score of 2 to 0. Smith was on and Hodson off. The contest was witnessed by over 500 persons. Clark made an excellent catch of a high fly ball. Rigby of the visitors was so boisterous in his coaching that he had to be stepped out of the game. In the eighth inning a beautiful double play was made by Conroy, Kelly and Grawley for Dover. In the ninth Conroy distinguished himself by stealing two bases and was left on third. Hodson struck out fourteen and Smith fifteen men. G. Barnes of the Smyrna Club was umpire, and the game lasted 1 hour and 45 minutes.

"Nasal Voice, Catarrh and Pale Teeth."

A prominent English woman says the American women all have high, shrill, nasal voices and pale teeth. Americans don't like the constant twitting they get about this nasal twang, and yet it is a fact caused by our dry, stimulating atmosphere, and the universal presence of catarrhal difficulties.

But why should so many of our women have pale teeth?

That is more of a poser to the English. It is quite impossible to account for it on the theory of deranged stomach action caused by imprudence in eating and by want of regular exercise.

Both conditions are unnatural. Catarrhal troubles everywhere prevail and in the cough and consumption, which are promoted by malnutrition induced by deranged stomach action.

The condition is a modern one, one unknown to our ancestors who prevailed the catarrh, cold, cough and consumption by abundant and regular use of what is now known as Warner's Log Cabin cough and consumption remedy.

For cure of the catarrh, cold, cough and consumption by abundant and regular use of what is now known as Warner's Log Cabin cough and consumption remedy.

These two remedies plentifully used as the fall and winter season advance, together with an occasional use of Warner's Log Cabin cough and consumption remedy, will not only strengthen and protect the nasal membranes, give a positive assurance of freedom, both from catarrh and those dreadful and if neglected, inevitable consequences, pneumonia, lung troubles and consumption, which so generally and fatally prevail among our people.

Comrade Eli Fisher, of Salem, Henry Co., Iowa, served four years in the late war and contracted a disease called consumption by the doctors. He had frequent hemorrhages. After using Warner's Log Cabin cough and consumption remedy, he says, under date of Jan. 19th, 1888: "I do not bleed at the lungs any more, my cough does not bother me and I do not have any more smothering spells." Warner's Log Cabin rose cream cured his wife of catarrh and she is "sound and well."

Of course we do not like to have our women called nose talkers and false teeth owners, but these conditions can be readily overcome in the manner indicated.

THESE TARIFF TALKS.

The following taken from the Philadelphia Times of Saturday, September 22nd, will serve to illustrate the sincerity of some of our leading manufacturers on the question of free wool.

We have repeatedly said that it is simply a question of self interest whether a party wants protection or not, and not a philanthropic effort to benefit the laborer. The views of the gentlemen named below, show clearly that what they want is to make a profit, and neither their employees nor their policies, are allowed to interfere with this all important question. It can be further asserted that whenever you find a manufacturer, crying for protection wool, or any other material, it can be put down that it is to secure to himself a larger profit, regardless of either his employees or his policies.

"Mr. Bullock, one of the largest of our woolen manufacturers and a Republican, declares that without free wool the woolen industries can't be prosperous in this country and our American markets can't be supplied by American mills and labor."

Mr. Slinger, a Democrat, who has nearly half a million invested in woolen mills, declares he can't operate his mills and employ labor at fair wages without free wool and chemicals.

Mr. Rhoades, of Seane, Delaware county, a Republican woolen manufacturer, says his woolen mills are idle because they are taxed to idleness by tariff taxes on raw materials.

Mr. Dobson, one of the leading carpet manufacturers of the country and a Republican, stated the exact truth when he declared to a Congressional committee that with free raw materials and 25 per cent. tariff on his products he could manufacture profitably. The present average tax on carpets is 38.61 per cent., ranging from 24.78 on hemp to 61.13 on tapestry Brussels and 73.92 on Durgeats.

Mr. Drexel, the most successful and conservative of our American bankers, and especially interested in the business and industrial prosperity of the country, speaks for intelligent and honest Republicans like himself, when he declares that free raw materials are a necessity to successful industries in the United States.

Does Mr. Slinger seek to destroy his half million worth of wool to serve a party purpose? Do Messrs. Drexel, Bullock, Dobson and Rhoades testify against the mistaken policy of their party from any other motives than a sincere desire to prosper industry and protect labor?

A large majority of the wool consumed in this country is imported from foreign countries either in raw material or manufactured goods, and even under the high tariff tax of 41 per cent. to protect wool, the wool industry is steadily declining in the older States.

The battle for free raw materials used by the general productive industry is the great battle for the disenthralment of the workmen of the country. It is a battle for enlarging our products; for enlarging the demand for labor; for enlarging wages by increased demand for workmen; for reduction in the cost of the necessities of life and for cheapening our American goods to home consumers and competing in foreign markets.

Is this not the battle of labor? If it is, let labor calmly consider, fully understand and vote honestly for itself.

Distress after eating, heartburn, sick headache and indigestion are cured by Hood's Sarsaparilla. It also creates a good appetite.
